JUNE 2023 - 45RD EDITION

MISSION TRIP

After a broken car and a traffic jam, finally we got to "Juazeiro do Norte"! We provided a training for the formation of discipleship groups for children with the help of the team and missionaries, pastors Alderon, Ângela, pastor Hélió and Esther.

Glory to God!

The Relational Discipleship ministry promoted by Camp in this city has grown and has already reached other cities in different regions. We praise the Lord so much for these opportunities and results.

THE KINGDOM ALSO BELONGS TO THEM!

Another SG coming up. Bia's mother decided to open her house to talk about the love of Jesus to other children besides her daughter.

COACHING LEADERS

At the opening of Moll Training, we had 17 people. We pray for each one's work and perseverance. There are many challenges and new leaders to be formed.

IN THE "VILARES DA SERRA" BAPTIST CONGREGATION

Weekly I accompany the SGs, give support and guidance to the group of leaders of this locality. Let us pray for the leaders and their families, for strength and perseverance, and for these groups to be consolidated.

TRAINING ONLINE

I invited the coordinators to form a group via WhatsApp and encourage them to do the online training.
I formed a group with 19 people, of which 10 people managed to complete and received a certificate.
Coordinator Neuza formed a group with 13 participants and 2 people were able to complete the online training.

ONLY GIRLS

Our leader, Helane, has dedicated a day to discipleship these children in her condominium. And this month of May, it's been a year since she received the Side by Side/Camp Brasil training, and opened the SG in her home. A few days ago, the father of one of the girls tried to kill himself, and on the day of the SG meeting, the daughter asked for prayer for him and the family.

We recognize that at that time, the SG was a place where she found divine comfort and relief. Thank God, today the father is fine! I ask for prayer for this family.

SG "CAMINHANDO NA FÉ"

This is the small group led by Dénia, it takes place in her house, in a condominium, and they are in the Sanctuary module. Pray for this teenager, she has understood the Gospel well, is very interested, and has always been going to church, pray for her conversion.

This boy is João Pedro, son of Dénia. He is very bright, was recently baptized, and helps his mother at the SG.

And before the baptism, he gave his testimony before the whole church, and it was beautiful to hear and see, how God has acted in his life.

Pastor Júnior Luiz, supervisor in Pajuçara, Ceará

SMALL GROUP AT NATALIA'S HOUSE

Natália was the girl who accepted Christ, hearing about the love of our God and how much we need salvation, through Jesus Christ.

I made an appeal for a Bible for her at my church. Co-leader Thaís and I could have bought a new Bible, but my intention was to publicize our meetings, showing that it was bearing fruit for the awakening of the church in discipleship. The church vibrated with Natalia's testimony, and a sister was ready to donate the Bible.

The following photos are from the last meeting that was at Natalia's house. She loved receiving the new Bible! We pray that she remains with her love for Jesus!

NEW BAPTIZIMS

On May 7, 2023, the water baptism of seven teenagers who have been participating in our church's SGs for some years was celebrated. Some of them arrived as children and grew in stature and in the knowledge of God. Bonds of friendship and spiritual support were consolidated along this journey, they went through baptism preparation classes, and some of these are already serving in the church.

It was a special moment for our church, to see all these teenagers receiving Christ and being baptized, it's a moment of great celebration for everyone.

Dariele Crispim, coordinator of Sporticem in Messejana, Ceará

NEW GENERATION - TOUCHED BY THE SPIRIT

This is little Victoria. She participates in the SG at the Minguriba farm. She is already in the Dive module. In the last meeting we talked about the fall of Lucifer, about sin, and Vitória was very touched by the Holy Spirit and by the word.

Suddenly she started to cry. She was influenced by the Word, and she started to cry a lot. I had to go out with her to talk, in privacy, as she was crying uncontrollably, sobbing.

I took her in my arms, and held her so she would stop crying, because she was very sad. After a while, I asked her to take a deep breath, I prayed and calmed her down, until she was able to tell me what she was feeling. And her sentence was: "auntie, I want my mother to come to church".

Then she told me that she wanted to go home to her mother. I didn't want to go back to the group because my eyes were red from crying. So, I left the other leaders with the other children and went with her to take a tour on the farm, and I told her that in the right time God will bring her mother to Christ. She returned to participate in the games, and the meeting with the other children.

LEARNING TO READ

Dávila is part of the SG in the “Casa Escola” Project in Vila Carité in Juazeiro do Norte, Ceará. She is starting to read, and is doing the reading on the Trail card, participating in the first round of dilemmas with the group.

She is intelligent, however, hyperactive with difficulty with discipline and obedience to the rules. But when we started the SG with Camp, we noticed a change in Dávila's behavior. After some follow-up time, she is more attentive, participating, helping to distribute the cards, and teaching classmates that are her age to pray.

Dávila's mother, who is in the photo, on the back, told us that she takes care of the material of the SG, and at home, she likes to answer the weekly devotional, with her mother's help. We noticed a beautiful change in Dávila's behavior, in just 4 months of starting relational discipleship. We believe that she, like other children, grew in the grace and knowledge of God's word.

Edsângela Rodrigues, supervisor in Juazeiro do Norte, Ceará

PROJECT TO THE END OF THE EARTH - APRIL RETREAT

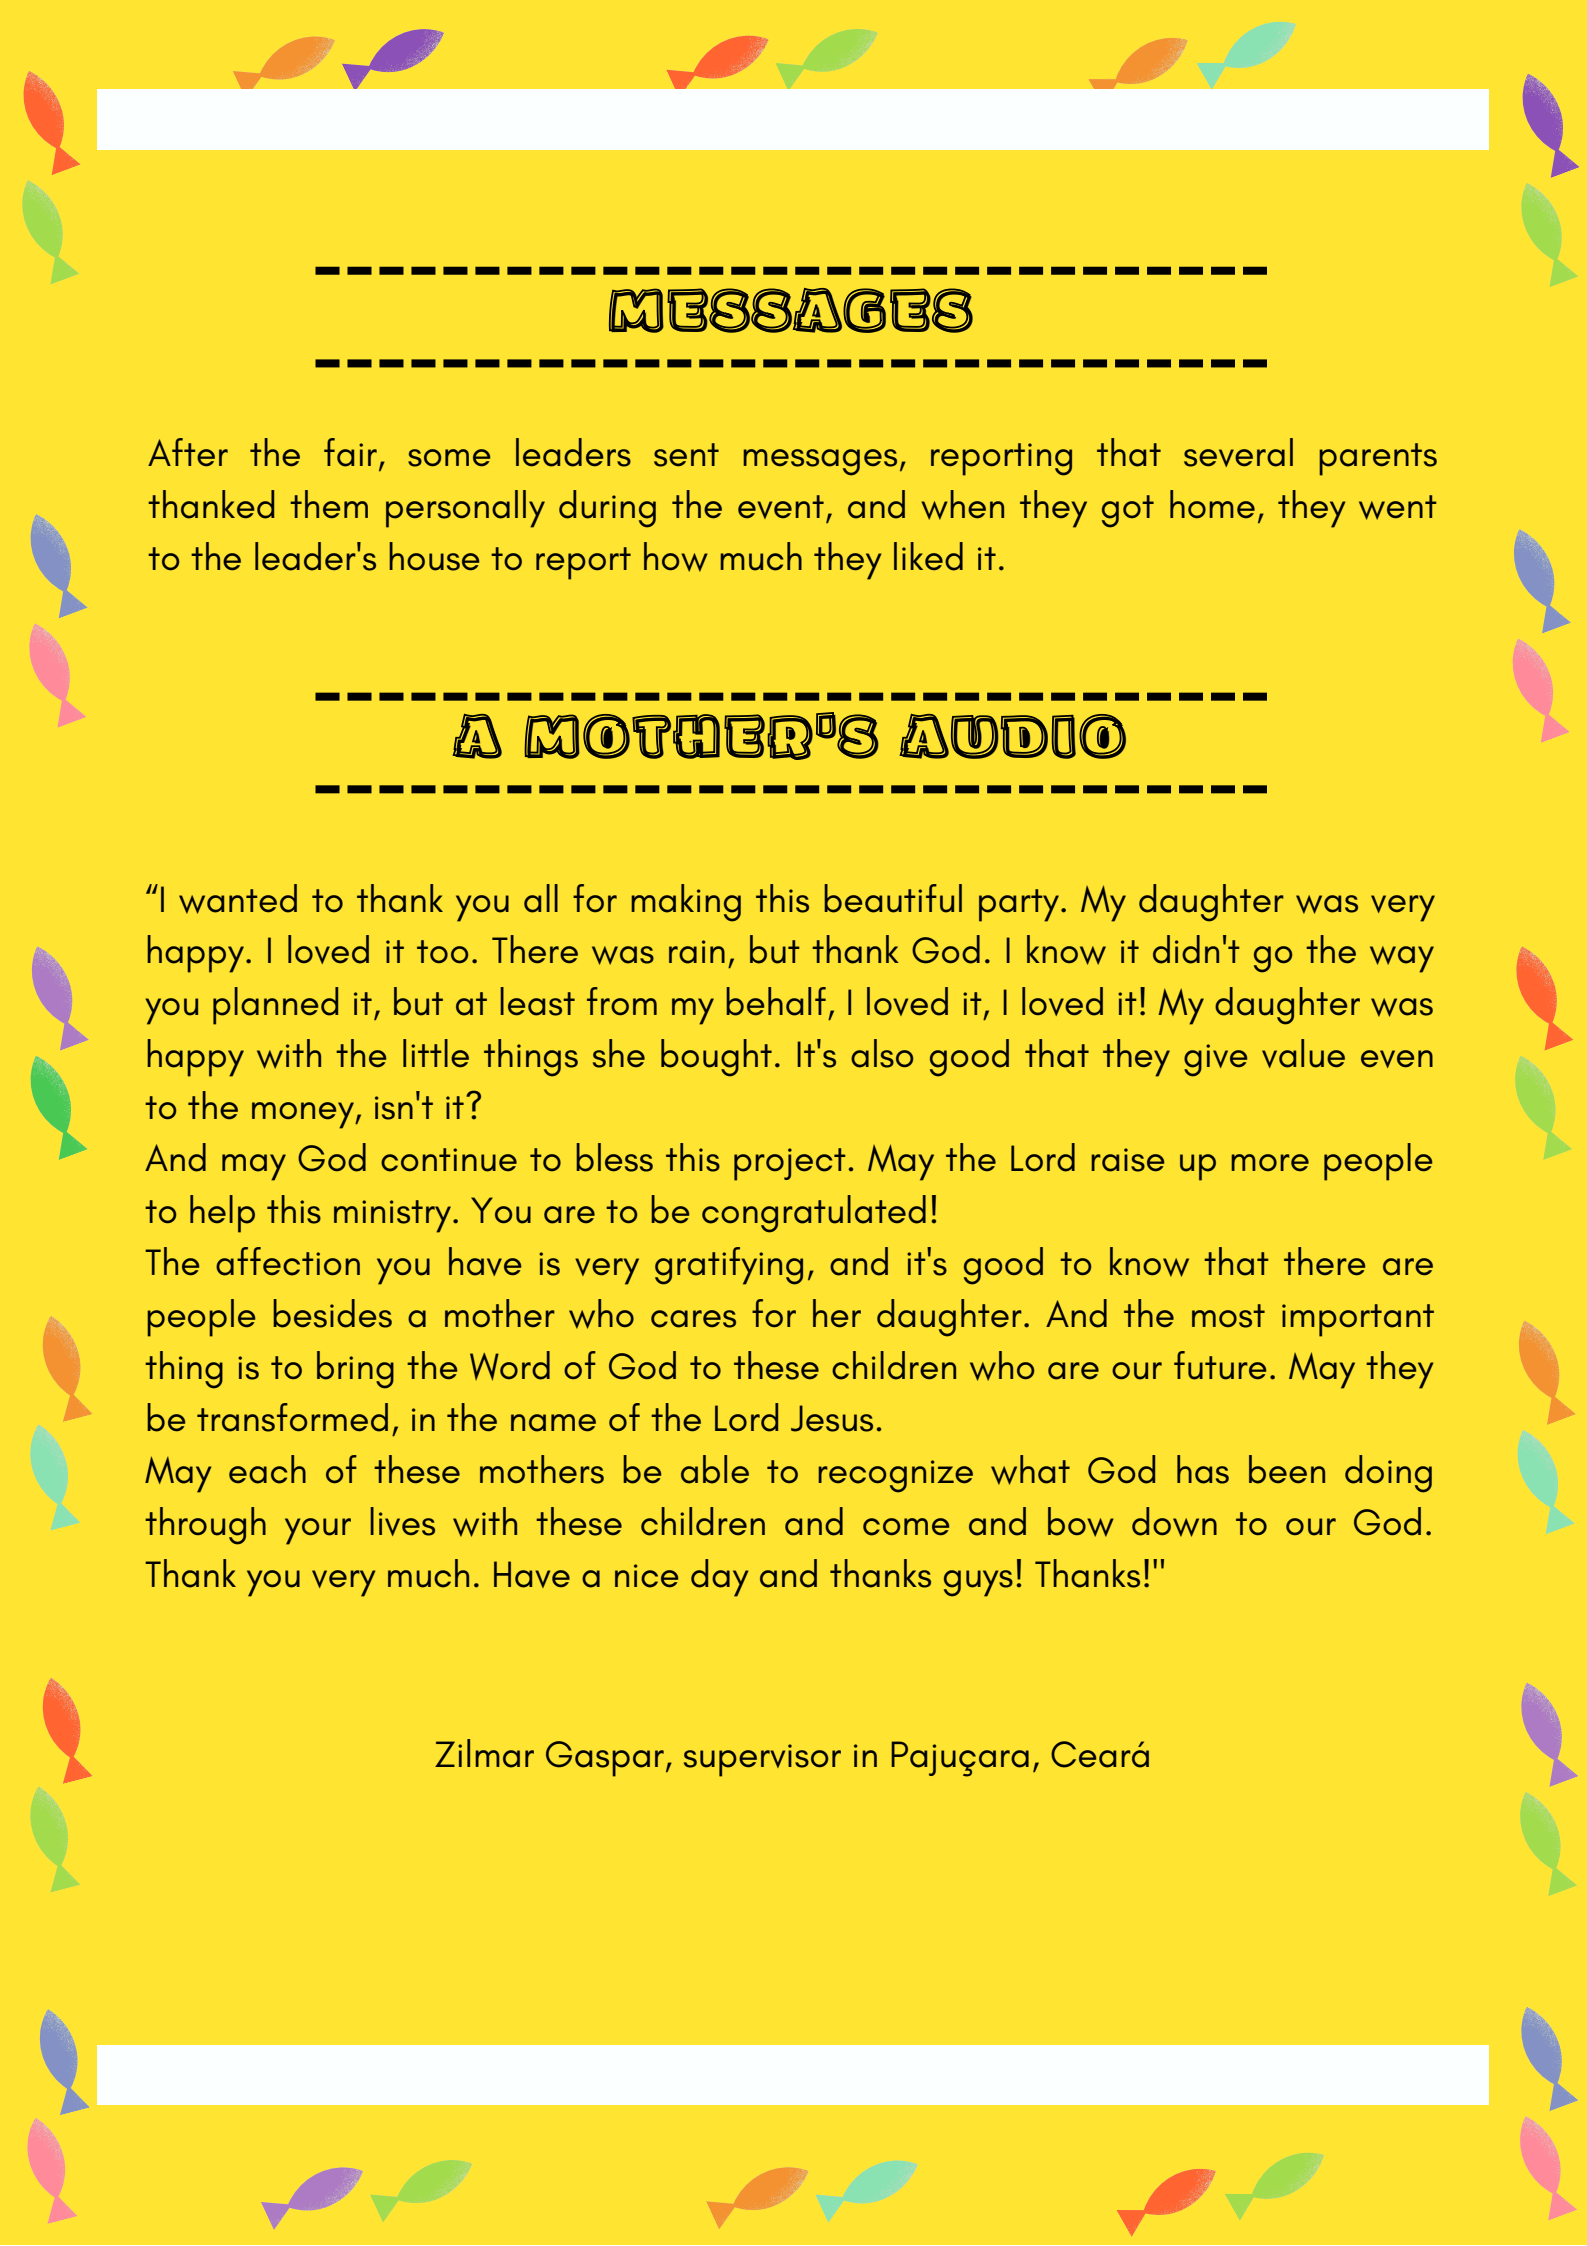

I praise God for the Camp Retreat in April, it was a time of learning, fellowship and relaxation.

FAIR

The children were looking forward to April 28, the day of the fair. Thank God for the people who were able to help us with gifts, making products, donations of new and used things, and for the visitors to Camp Brasil, and those who came from Canada: Reese, Gordon and Alfred.

MESSAGES

After the fair, some leaders sent messages, reporting that several parents thanked them personally during the event, and when they got home, they went to the leader's house to report how much they liked it.

A MOTHER'S AUDIO

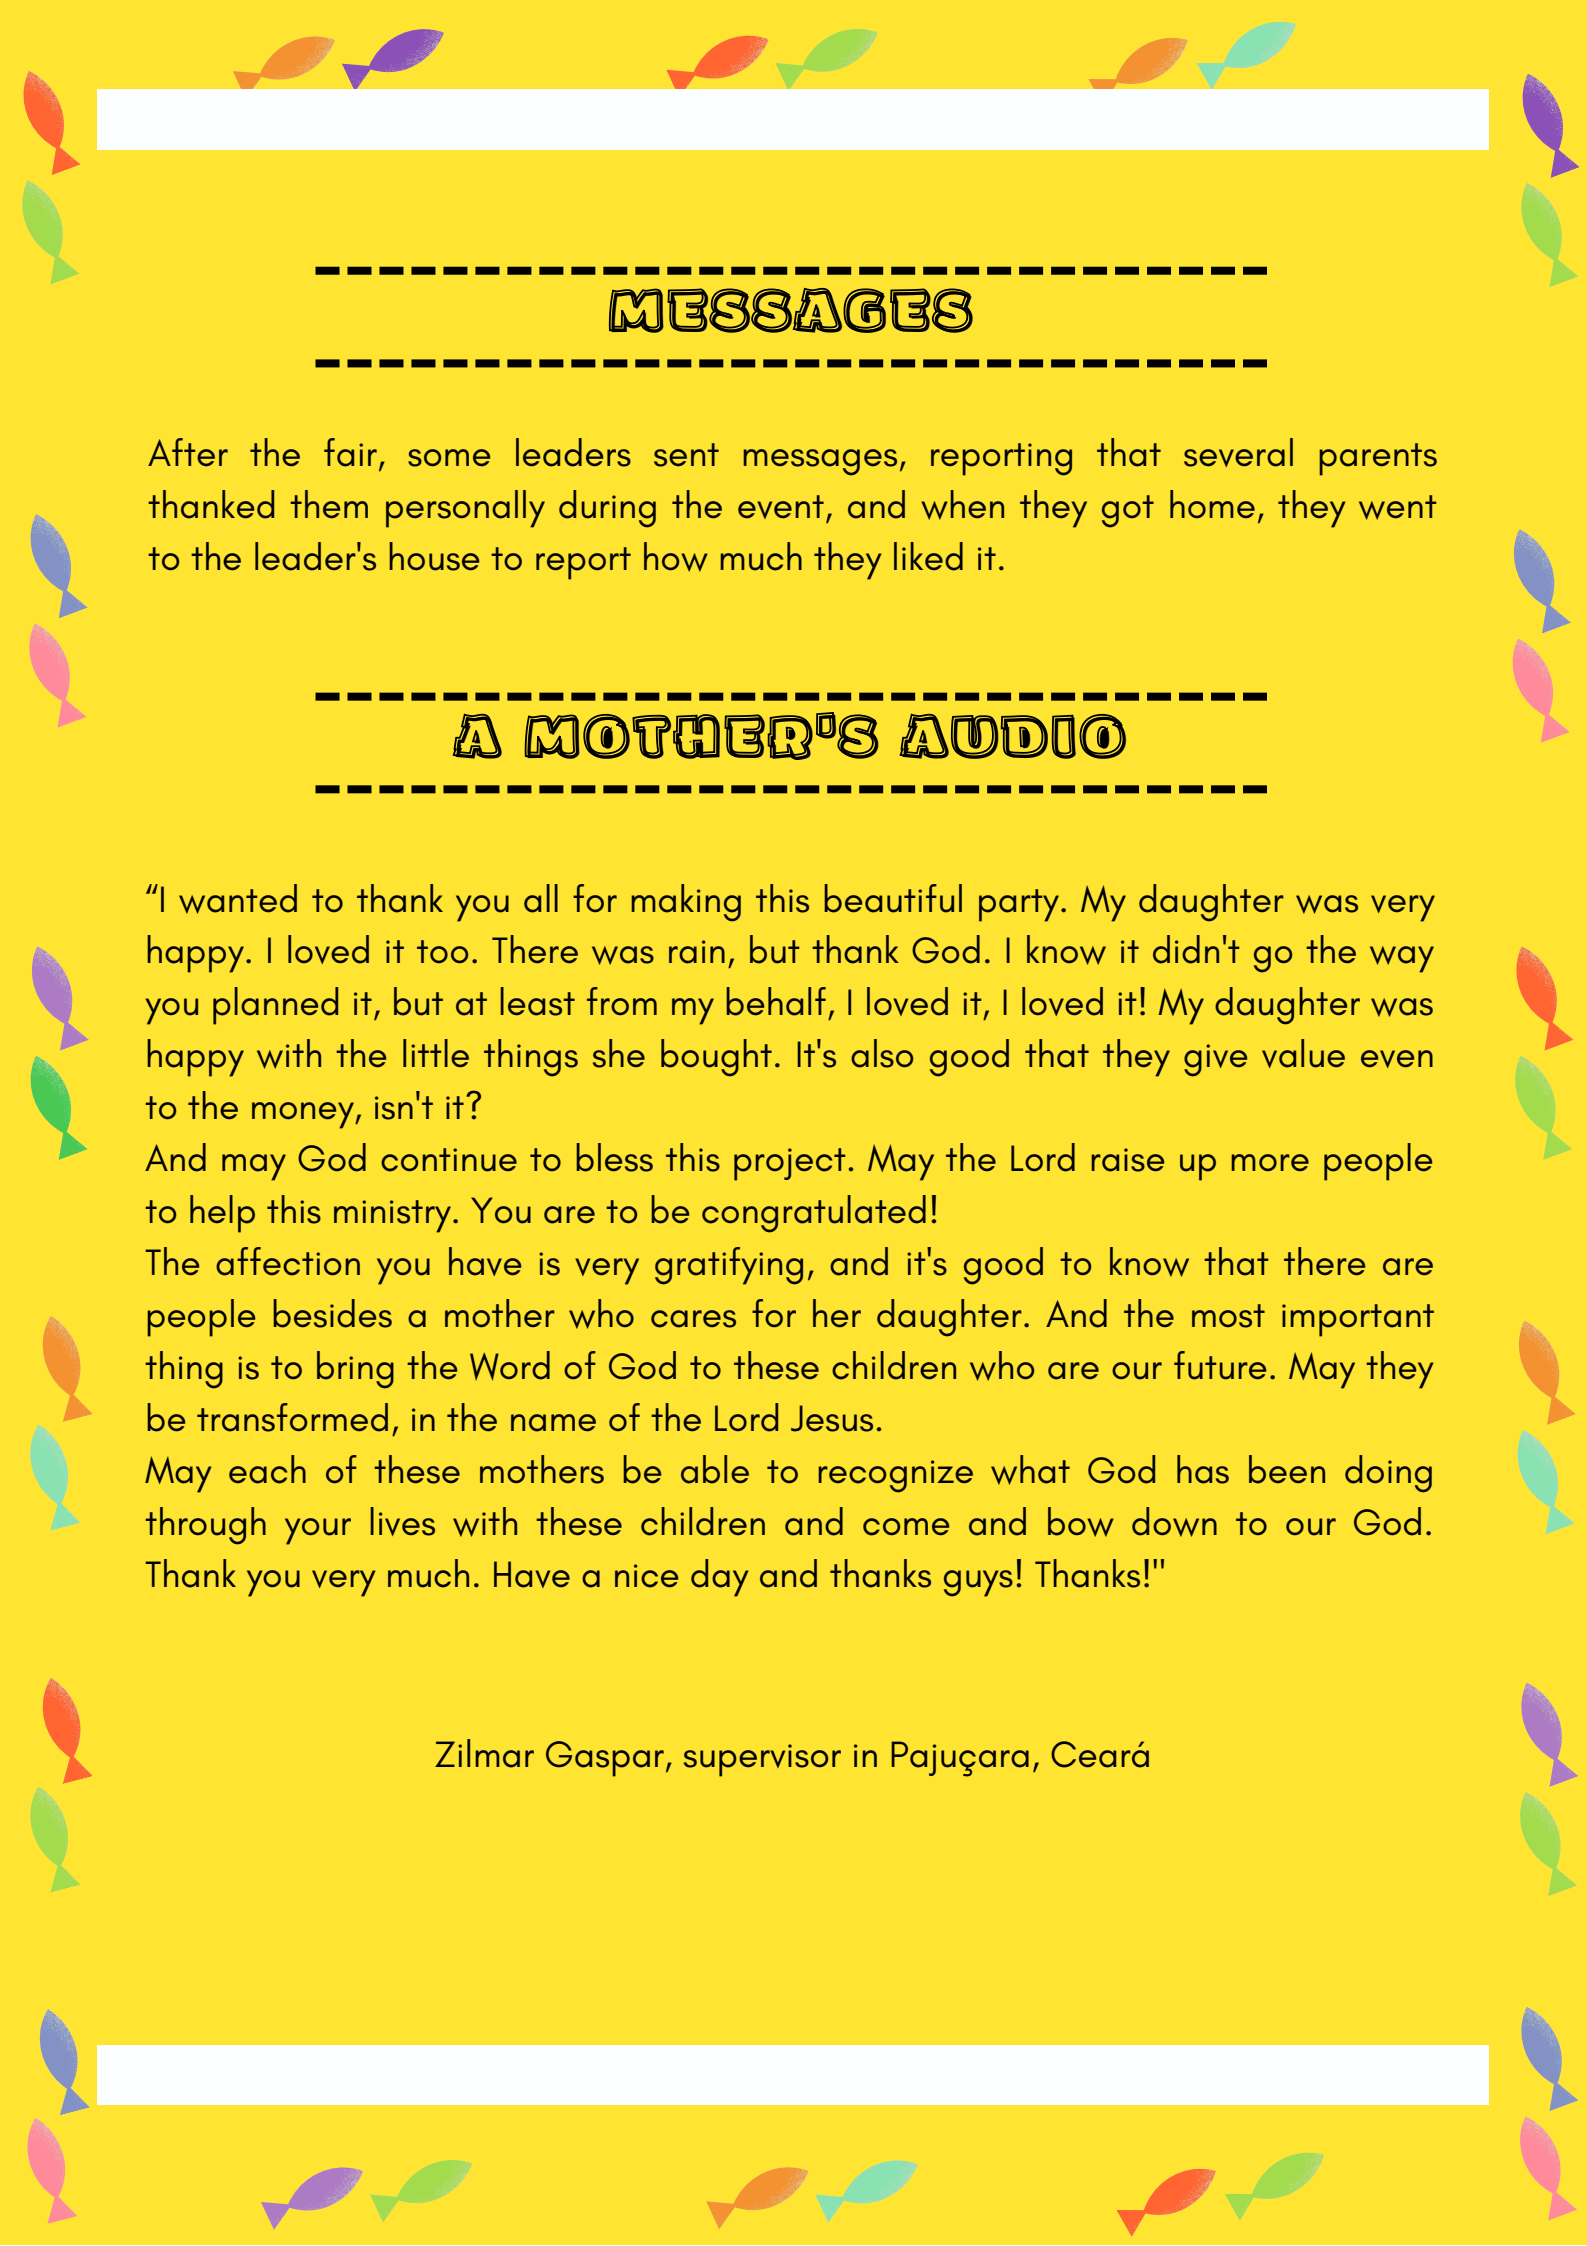

"I wanted to thank you all for making this beautiful party. My daughter was very happy. I loved it too. There was rain, but thank God. I know it didn't go the way you planned it, but at least from my behalf, I loved it, I loved it! My daughter was happy with the little things she bought. It's also good that they give value even to the money, isn't it?

And may God continue to bless this project. May the Lord raise up more people to help this ministry. You are to be congratulated!

The affection you have is very gratifying, and it's good to know that there are people besides a mother who cares for her daughter. And the most important thing is to bring the Word of God to these children who are our future. May they be transformed, in the name of the Lord Jesus.

May each of these mothers be able to recognize what God has been doing through your lives with these children and come and bow down to our God. Thank you very much. Have a nice day and thanks guys! Thanks!"

Zilmar Gaspar, supervisor in Pajuçara, Ceará
