TEENAGERS NOW!

Finished the 2nd Cycle! My SG teenagers have been dedicating time to their studies, and only one girl is not involved with the Church. I praise the Lord that she has been able to hear the word of God in my house for over seven years. And, in the month of June, Thaís turned 18. So there are three 18-year-old girls, one 15-year-old, and a 13-year-old boy.

DEDICATION

For three years, the children and teenagers of this poor neighborhood have been part of the discipleship program, the Side by Side at Camp Brasil, coordinated by Sister Viviane in Uruburetama, Ceará. And most of them, have already confessed to Jesus, and attend church. Pastor Erandir, has been dedicated to the SGs, and his support has been important for the success of that ministry.

Gildemar and Fadia Cavalcante, supervisors in Maranguape, Ceará

A GOOD RETURN

Diogo, a very interested child at the SG, stopped participating because his mother had forbidden it. The children at the SG were praying, Diogo was very sad, and thank God, his mother reversed her decision and allowed him to return to the SG.

GOOD FRUITS

Children who are well involved in the SG and who have been coming to church, some with their parents.

COFFEE WITH THE MOTHERS

On the 28th of May, the coordinator Danny of the children's SGs, held a coffee with the children's mothers, and with the leaders of the SGs. It was a great opportunity to talk about God's love.

On the occasion, they got to know each other, shared, and saw a little of what their children have been learning at the SG, played with the cards, and had an uplifting and fun time.

Pr. Luiz Junior, supervisor in Pajuçara, Ceará

DESIRE TO BE A LEADER

Josimario will be a new SG leader of the Settlement. I told him to talk to his mother and present to God his desire to be a leader. He talked to his mother, and she is already starting to allow it.

Cláudia Nunes, missionary in São Sebastião,
Federal District

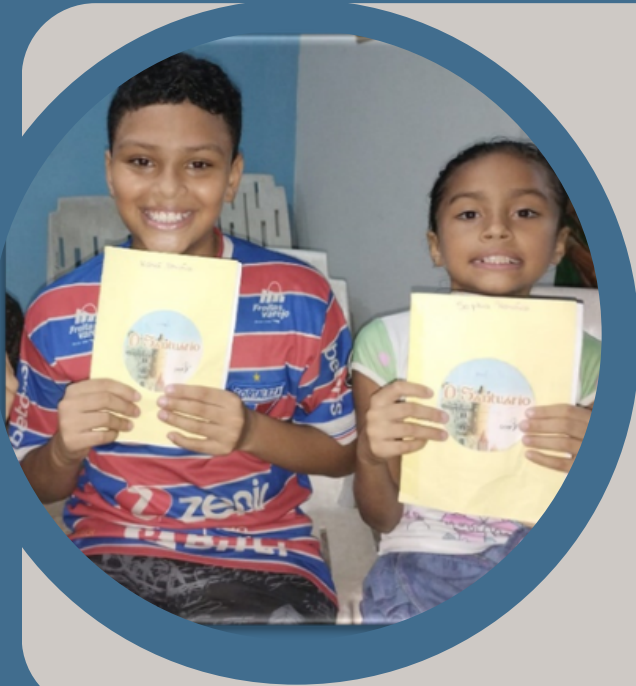

MOMENT WITH THE CHILDREN'S MOTHERS

We had a moment with the mothers of the children from the SGs in Vilares, an important opportunity to get to know them and get closer to the children's families. The children sang, recited poetry, and choreographed. It went really well!

NEW GENERATION - START OF NEW SG'S

The children, from the villages in the Rural Zone of Tarrafas-CE, are enjoying the meetings, and have made an effort to participate in the SG day.

After the LOL1 trainings with the leaders of the Peniel International Church, we carried out a month of evangelization with children in the city of Pena Forte CE/PE. We are implementing another project that will disciple 30 children.

SAD NEWS

We received sad news that the mother of three children who participate in the project with us, was affected by a strong depression, and took her own life.

The children from Vila Carité come alone to the Project. Often the family lets them come because of necessity, because of the food we offer. But most reject believers. We are praying and working to win over the families of children and adolescents who participate in the SGs.

Edsangela Rodrigues, missionary in Juazeiro do Norte

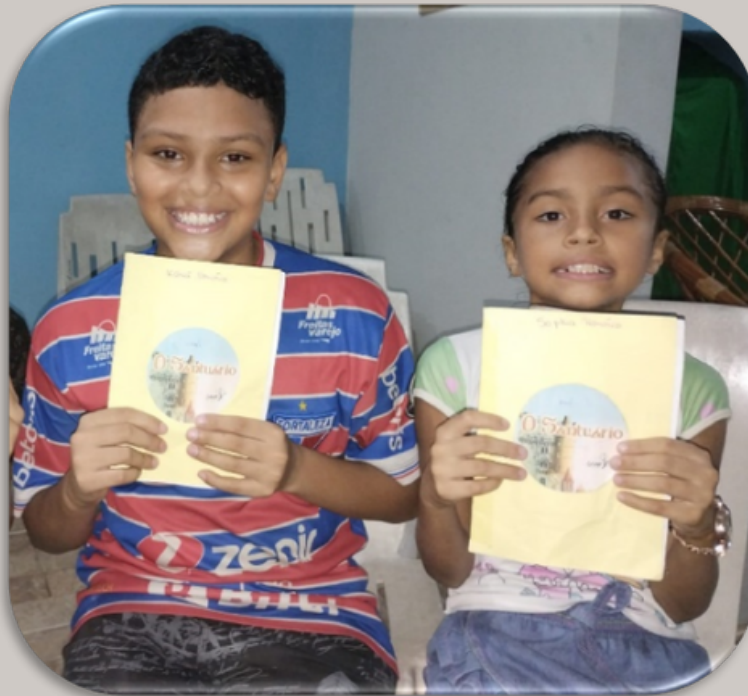

TO THE END OF THE EARTH - ARLENY LEADER TESTIMONY

I am grateful to God for this ministry, for seeing Melissa, Liz, and their parents make the decision and get baptized. For Carol who has already made the decision and for Yane who is already feeling this desire too and for my children learning the word of God, I believe they will soon feel that desire too. I'm thankful for all the children who are receiving this spiritual food! I thank Mildred for the time she spent with us, I thank Rosângela and Rosane for all their support! May the Lord continue to use us as instruments for his work!

TESTIMONY OF THE MOTHER OF CAUÊ AND SOPHIA

My children, Cauê and Sofia, have been going to Tia Bia's SG for some time, I really like her. Whenever they go, they ask me to pack their clothes. Cauê is reading very well, they are doing well. Not a single day is missed. It is better to follow something from the Word of God than what is in the lost world. Many children are lost, and parents do not like biblical teaching.

Zilmar Gaspar, supervisor in Pajuçara, Ceará

ESPORTICEM - SPIRITUAL AND RELATIONAL GROWTH

Ruan is a child who grew up in church, but who experienced great spiritual and relational growth after starting to participate in his small group.

According to his maternal grandmother Cleize, with whom he spends most of his time, he really likes coming to the SG and loves saying that he is a Christian. He is a good boy, with great behavior, who gets good grades at school, who reads the bible, prays at home and likes to participate in the church's Sunday Bible School.

She also highlighted that she noticed advances in the relational aspect, he has been interacting more with people and also been more participatory in what is proposed. His SG leader, Mateus, highlighted that Ruan, despite his shyness, is one of those who participates the most and that he has a good understanding of the Word, in addition to memorizing verses and having a great behavior.

Dariele Crispim, coordinator in Fortaleza, Ceará
